

START A TRUCKING PROGRAM AT YOUR SCHOOL.

Trucking jobs just got better.

Why trucking?

Truck Driving is a high skill in high demand offering high wages.

Start your career making \$50,000+ a year!

Fulfilling Work

Trucking is vital to the US economy. Because freight is growing, every job that supports the trucking industry is a reliable career choice.

High-Earning Potential

Median truck driver pay in the US is constantly rising with supply and demand. Getting extra endorsements on your license puts you in an even higher earning bracket.

Promotions

Specializing in a skill or type of haul can earn six figures with the right experience and location. Find a need and fill it!

Supporting Other Pathways

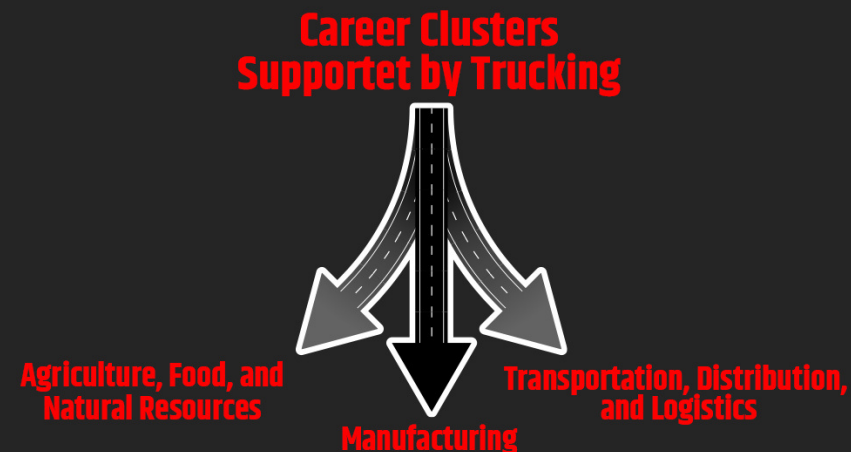

Having a CDL program benefits other pathways including Heavy Equipment Operations, Medium & Heavy Duty Technicians, Construction, Linemen, Agricultural Education, and Supply Chain & Logistics.

Diesel Technician Options

Trucks cannot move without someone working on them! If the road doesn't sound like the place for you, the shop just might be.

UPDATE YOUR CAREER & TECHNICAL PROGRAM TODAY!

High School students in CTE programs have a **93%** higher graduation rate than students who do not participate in the program. Adding the trucking industry into your school's available programs will not only be a source of student motivation, but preparation for a rewarding and high-demand career path within the trucking industry.

Our organization brings access to the trucking industry by establishing certification programs within secondary education. Some of the best jobs in today's competitive market do not require a four-year college degree. Trade careers offer a promising alternative. We partner with educators to create a blueprint for success. We provide lesson plans, grade range recommendations, programs of study, and other useful resources to help you evaluate and create individual programs in your districts.

NEXTGEN
TRUCKING
YOUR ROAD TO THE FUTURE

About Us

Founded in 2021, the Next Generation in Trucking Association is a non-profit trade association with the mission to promote trucking as a positive career field, to create and partner with career technical education (CTE) programs at secondary and postsecondary institutions and encourage the training of young people in the trucking industry by connecting them to training and employment opportunities.

The organization's volunteer leadership consists of industry professionals who are passionate about trucking, career technical education, and providing our emerging workforce with a pathway to well-paying and rewarding careers.

Next Generation in Trucking Association does not charge for any of our services. We are here to provide free support and assistance to help schools across the country start transportation, supply chain, logistic, diesel technician, and truck driver training programs.
